

Welcome to the UK Chandler Hospital Parking Garage & Shuttle

This new garage offers plenty of easy, convenient parking for hospital patients and visitors. Kentucky Clinic patients may also use this garage as an alternative to the clinic parking garage. On the back of this page, you'll find a map that shows how to exit this garage during construction, as well as the location of the shuttle pickup and dropoff area on the ground floor.

- Free door-to-door shuttle service takes you to UK Chandler Hospital, Chandler Emergency or Kentucky Clinic. The shuttles have no steps, so riders step directly onto the shuttle and wheelchairs easily roll in. *For your safety, please DO NOT walk across S. Limestone.*
- The **Hospital Shuttle** operates 24 hours a day and delivers patients and visitors to either the hospital's front loop or the Emergency entrance. Also ride this shuttle if you need to go to:
 - Kentucky Children's Hospital
 - The Gill Heart Institute
 - Markey Cancer Center
 - Center for Oral Health Care/College of Dentistry
 - Charles T. Wethington Building
 - College of Medicine
 - College of Health Sciences
- The **Kentucky Clinic Shuttle** operates 6 a.m. - 8 p.m., Monday - Friday, taking riders to the clinic's main entrance on S. Limestone. This route is used by riders needing to reach :
 - Any of the clinics at Kentucky Clinic
 - Sanders-Brown Center on Aging
 - College of Nursing
 - College of Pharmacy
- An ambassador will be stationed at the garage shuttle pickup and dropoff area to provide assistance 6 a.m. - 11 p.m., seven days a week. An ambassador will also be at the UK Chandler Hospital and Kentucky Clinic entrances to offer assistance. Please let the ambassador or the shuttle driver know if you need special assistance.
- The Hospital Garage & Shuttle replaces the former parking structure, which is being disassembled to make way for construction of a new UK Chandler Hospital.
- Construction in the garage is continuing above the second level. Additional parking will open as upper levels of the garage are completed. Construction is expected to be completed in March 2008. For your safety during construction, windows have been boarded and mechanical ventilation has been provided to assure proper air quality.
- When completed, this garage will offer 1,295 parking spaces for patients and visitors (126 handicapped parking spaces). This is more than double the amount of parking in the previous hospital garage.
- The Parking Services branch office on the ground floor offers special discounted long-term passes for patients coming for frequent outpatient visits, as well as for visitors to patients with extended hospital stays. Call **323-8085** for more information or stop by the office 8 a.m. – 4:30 p.m., Monday-Friday.
- When the new UK Chandler Hospital is completed in 2011, a climate-controlled pedestrian bridge will connect this garage to the hospital.

UK Chandler Hospital Parking Garage & Shuttle

Effective November 19, 2007
