

## UK HealthCare Good Samaritan Hospital

### *Who we are*

UK HealthCare Good Samaritan Hospital, located at 310 S. Limestone in Lexington, is an acute care facility licensed for 302 beds. Founded in 1888, the hospital has a long tradition of providing exceptional patient care in a community-hospital atmosphere. Its acquisition in July 2007 by UK HealthCare added the resources of a major health care system.

With a clinical and ancillary staff of more than 550 and with more than 400 members of an independent medical staff, UK Good Samaritan is able to offer a broad range of health care services to meet the needs of the residents of central and eastern Kentucky. All patient rooms in the hospital are single-occupancy, ensuring each patient privacy and individual attention.

UK Good Samaritan Hospital is home to the second-largest orthopaedic and joint replacement program in Kentucky. Additionally, a state-of-the-art diagnostic center provides walk-in appointments for CT, MRI and X-ray. A 50,000-square-foot medical office building is conveniently connected to the hospital by a pedway and is home to specialists including orthopaedists, internists and plastic surgeons.

### *Overview*

UK HealthCare Good Samaritan Hospital prides itself on providing state-of-the-art medical care in a patient-focused, community-hospital setting.

### *Services*

**Advanced Surgical Services** – Our surgical services team includes specialists in the areas of orthopaedics, urology, vascular surgery, plastics surgery, general surgery, ENT, podiatry, gynecology, thoracic surgery and neurosurgery.

**Orthopaedic Services** – More joint replacement surgeries are performed than any other Central Kentucky hospital – the second most in the state. Our orthopaedic surgeons provide comprehensive care for sports medicine, joint replacement, shoulder, knee, ankle, foot, hand and upper extremity procedures.

**Orthopaedic-Neurologic Spine Surgery** – Good Samaritan Hospital has a long-standing tradition of expertise in spine surgery, delivering outstanding comprehensive care through a combination of advanced technology and an experienced, compassionate staff.

**Center for Behavioral Health** – The Good Samaritan Center for Behavioral Health provides inpatient psychiatric care for children, adolescents and adults. Our team of mental health professionals works with the patients, their families and referral sources to develop an integrated plan for treatment, discharge and aftercare. We offer admissions and services 24 hours a day, seven days a week.

**Wound Care Clinic** – The Wound Care Clinic is a unique outpatient health service dedicated to caring for people with wounds that have resisted healing. The clinic brings together a team of specially trained, experienced doctors and nurses with combined knowledge in all areas of wound management.

**Emergency Services** – Emergency Services, located on the first floor of the hospital, averages more than 18,000 visits each year.

**Diagnostic Services** – A state-of-the-art diagnostic center provides MRI, CT imaging, X-ray and laboratory services. The center is conveniently located across Maxwell from the hospital and offers ground-level, front-door parking.

**Sleep Center** – The highly trained professionals at UK Good Samaritan’s Sleep Center assist in the accurate diagnoses and successful treatment of sleep disorders such as apnea, periodic limb movement, night terrors and narcolepsy in children, adolescents and adults.

**Rehabilitation Services** – Rehabilitation Services includes physical therapists, occupational therapists and speech-language pathologists who evaluate and treat people with health problems resulting from injury or disease. Warm-water aquatic therapy and other outpatient services are also available to patients who require aftercare rehabilitation.

**Other services available include:**

- Angiography
- Lithotripsy
- Breast Care Center
- Ultrasound
- Mammography
- Select Specialty Hospital – Long-Term Acute Care Hospital (3rd floor)
- Cardinal Hill Rehabilitation (7th floor)
