Kentucky Children's Hospital

 We are pleased to welcome these new pediatricians to Kentucky Children's Hospital.

Sthorn Thatayatikom, MD
Allergy and Immunology

Dr. Thatayatikom received her medical degree from Thammasat University in Bangkok, Thailand, in 1998. She completed a pediatric residency at St. Louis University and an allergy and immunology fellowship at Washington University in St. Louis.

Dr. Thatayatikom has published articles in several academic journals and is a member of the American Academy of Allergy and Immunology, the American College of Allergy and Immunology, and the American Academy of Pediatrics.

Janeth Ceballos Osorio, MD
General Pediatrics

Dr. Ceballos Osorio earned her medical degree from the University of Valle in Colombia in 1999, where she continued with her residency in family medicine until 2001. Dr. Ceballos Osorio later completed a residency with UK Pediatrics.

She has completed many research projects, participated in presentations and been published in several medical journals. Dr. Ceballos Osorio is bilingual in English and Spanish.

Scottie B. Day, MD
Critical Care

Dr. Day completed his undergraduate studies in biology at UK, where he also earned a medical degree in 2002. He served as a resident at a variety of hospitals in Indianapolis, including Indiana University, Wishard Memorial Hospital, Riley Hospital for Children, Methodist Hospital and Veterans Administration Hospital. He completed his critical care and research fellowship at Cincinnati Children's Hospital.

Most recently Dr. Day worked as a pediatric intensivist with the Hawaii Permanente Medical Group for pediatrics at Kaiser Moanalua Hospital in Honolulu.

He has received many honors and awards, participated in several presentations and contributed to publications. A native of Hyden, Ky., Dr. Day is excited to return to his home state as the new director of pediatric transport and outreach.

Stephanie Stockburger, MD
Adolescent Medicine Division

Dr. Stockburger obtained a bachelor's degree in general music with a minor in chemistry from Eastern Kentucky University in 2004. She earned her medical degree from UK College of Medicine in 2008.

Dr. Stockburger completed a categorical pediatrics residency with the UK Pediatrics.

Dr. Stockburger has participated in several presentations and volunteer opportunities. She has received many honors and awards and contributed to two research projects.
