Co-signing Nursing Student Documentation
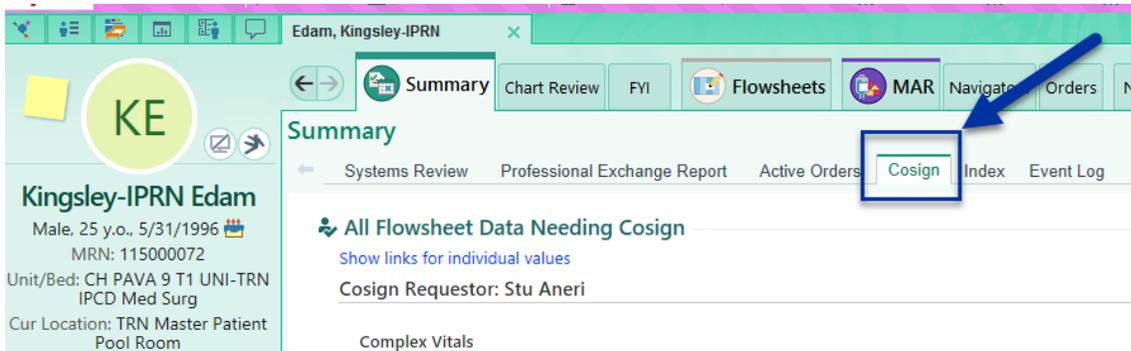

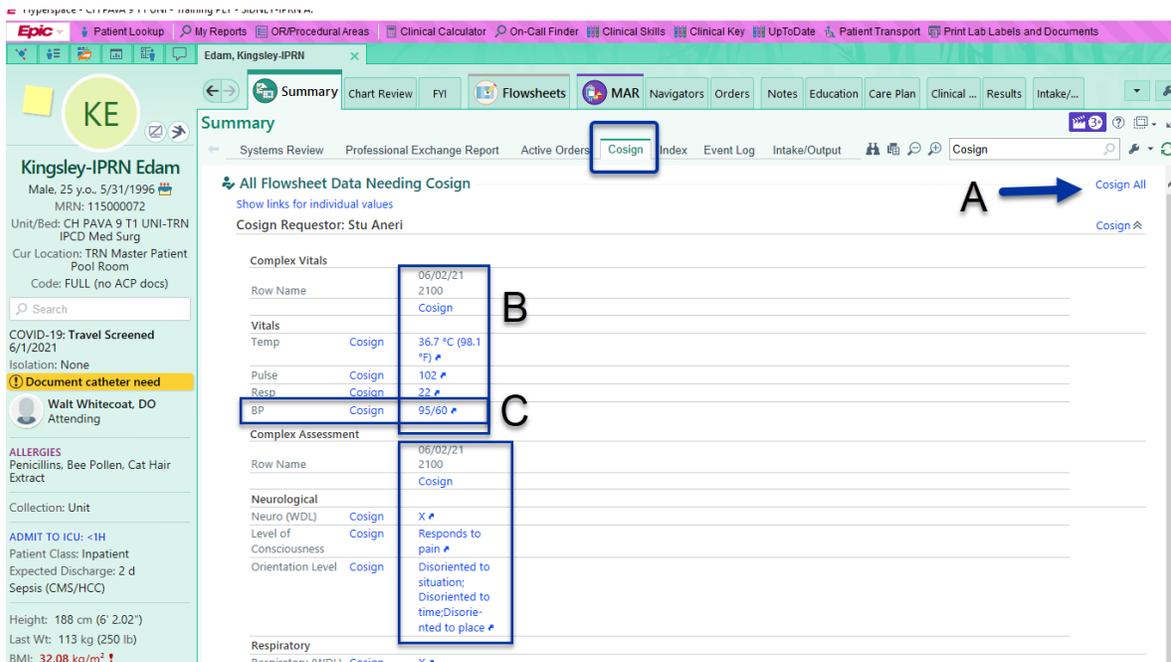

This will outline the process for co-signing documentation performed by the nursing student.

Try It Out

1. Once you are in the patient's chart, navigate to the **Cosign Report** on the Summary activity.

2. From here, you have several options to cosign.
    a. *Cosign All* – Will cosign all data in that header (e.g., All Flowsheet Data Needing Cosign)
    b. Cosign for all flowsheet entries in a single time column
    c. Cosign single cell data

3. Administrations also appear on this report. You have several options of items to cosign.
   a. *Cosign all administrations* – This will sign all administrations for the patient that you were indicated as the cosigner
   b. *Cosign all from this user* – This will sign all administrations from the listed user.
   c. *Cosign all for this order* – This will sign all administrations marked under the medication order
   d. *Cosign* – Will sign that single action

Respiratory Effort   Cosign   Labored

Administrations with Cosign Requests   A ⟶ [Cosign all administrations]
